Chief Risk Officer (CRO)

Description

Job Title: Chief Risk Officer (CRO)

Location: London, United Kingdom

About Us:

Our client is a leading insurance provider based in London, specialising in life insurance, . With a strong commitment to risk management, innovation, and customer satisfaction, they are dedicated to providing their clients with tailored insurance solutions that meet their evolving needs.

Job Summary:

The Chief Risk Officer will be responsible for overseeing the company's risk management framework, ensuring compliance with regulatory requirements, and safeguarding the company's financial stability. This critical leadership role requires a strategic thinker with a deep understanding of the insurance industry, risk assessment, and regulatory compliance.

Responsibilities

- 1. Risk Management Strategy:**
 - Develop and implement the company's overall risk management strategy and framework.
 - Identify, assess, and prioritize risks across the organization, including underwriting, investments, and operations.
- 2. Regulatory Compliance:**
 - Ensure compliance with all relevant regulatory requirements, including those set by the Prudential Regulation Authority (PRA) and the Financial Conduct Authority (FCA).
 - Stay updated on changes in regulations and communicate their impact to relevant stakeholders.
- 3. Risk Assessment and Mitigation:**
 - Lead the identification and assessment of potential risks, including market, credit, operational, and strategic risks.
 - Develop and implement risk mitigation strategies and action plans.
- 4. Underwriting Risk:**
 - Oversee underwriting risk assessment and pricing strategies, ensuring they align with the company's risk appetite and profitability targets.
 - Collaborate with underwriting teams to optimize risk selection and pricing.
- 5. Investment Risk:**
 - Manage investment risk, including asset allocation, portfolio diversification, and adherence to investment guidelines.
 - Monitor the performance of investment portfolios and assess the impact on overall risk.
